EXAMINER'S AMENDMENT

This Office action is responsive to the amendment filed on March 24, 2003. Claims 2, 8, 10, 12, 19, 24, and 43-64 have been canceled (paper No. 8). Claims 1, 3-7, 9, 11, 13-18, 20-23, and 25-42 are pending in the application.

- An examiner's amendment to the record appears below. Should the changes 1. and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
- The application has been amended as follows: In claim 11, line 1, the phrase "The package of claim 10" has been changed to --The package of claim 1-- (based on applicant's statement at the last paragraph of page

12 of the Remark).

2.

- Claims 1, 3-7, 9, 11, 13-18, 20-23, and 25-42 are allowed and renumbered as 1-3. 22, 25, 23-24, and 26-37, respectively.
- The following is an examiner's statement of reasons for allowance: the cited arts 4. fail to teach or render obvious: a) an electrically insulating multilayered plate and the geometrical relationship between the outer edge of the integral window and the multilayered plate being selected from the group consisting of an encased joint, a lip recessed inside of the plate, a self-locking geometry, and a geometry that substantially fills the aperture, as recited in claim 1, and b) a printed wiring board for the package mounting on, wherein the board comprises an opening

through the board, the aperture in the package being aligned with the opening in the board, thereby allowing light to pass through both the opening and the aperture to interact with the light-sensitive side of the first microelectronic device, as recited by claim 42; especially when these limitations are considered within the specific combination claimed.

- 5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
- 6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Luan Thai whose telephone number is (703) 308-1211. The examiner can normally be reached on 7:00 AM 3:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David L. Talbott can be reached on (703) 305-9883.
